FROM THE COUNCIL OF AMERICAN OVERSEAS RESEARCH CENTERS

Those Eligible: Doctoral candidates and postdoctoral scholars at all levels.

Purpose: To provide support for individuals whose research has regional significance and requires travel to multiple countries, at least one of which hosts an American overseas research center such as the ASCSA. Fellowships for Multi-Country Research are funded by the Bureau of Educational and Cultural Affairs of the United States Department of State through a grant to the Council of American Overseas Research Centers. Please visit www.caorc.org for a list of overseas research centers.

Duration: Minimum of 90 days.

Terms: CAORC awards fellowships to doctoral candidates/postdoctoral scholars in the amount of \$12,000. Research and reporting must be completed by October 31, 2013. Recipients may not hold any other federally funded grant at the same time, such as a Fulbright or NEH Fellowship. School fees are to be paid out of the fellowship stipend by the recipient. Fellowship does not include travel costs, housing, board, and other living expenses. A final report is due at the end of the award period, and the ASCSA expects that copies of all publications that result from research conducted as a Fellow of the ASCSA be contributed to the relevant library of the ASCSA.

Application: For CAORC application details please check the CAORC website at www.caorc.org. Applicants intending to use the School *must* submit an ASCSA Associate Member application (long form) and include a copy of their CAORC application online on the ASCSA web site at www.ascsa.edu.gr.
