MALCOLM H. WIENER LABORATORY FOR ARCHAEOLOGICAL SCIENCE
SENIOR FELLOWSHIP
Deadline: January 15

Purpose: To conduct research at the Malcolm H. Wiener Laboratory for Archaeological Science at the American School of Classical Studies at Athens that addresses substantive problems pertaining to the ancient Greek world and adjacent areas through the application of interdisciplinary methods in the archaeological sciences. Laboratory facilities are especially well equipped to support the study of human skeletal biology, archaeobiological remains (faunal and botanical), environmental studies, and geoarchaeology (particularly studies in human-landscape interactions and the study of site formation processes). Research projects utilizing other archaeological scientific approaches are also eligible for consideration, depending on the strength of the questions asked and the suitability of the plan for access to other equipment or resources available elsewhere in Greece.

Qualifications: Individuals who received their Ph.D.s at least 5 years previous to application. Applicants are welcome from any college or university worldwide. Independent scholars are also welcome to apply.

Term: 5 to 10 months with the next term beginning early September. It is expected that the applicant will maintain a physical presence at the Wiener Laboratory during the academic year (September to June 1).

Compensation: Stipend of $15,000 to $30,000 depending on length of term.
