APPLICATION GUIDELINES WIENER LABORATORY FELLOWSHIPS

1. Cover letter naming the applicant and title of the project.
2. Project description. In no more than 2,500 words, describe the purpose, nature and methodology of the research project you are proposing. Include the following information:
 - (a) aim, scope and significance of the project
 - (b) timetable, including publication schedule
 - (c) methodology to be used
 - (d) equipment/resources needed while at the Wiener Laboratory
 - (e) how the project relates to existing and current research on the topic
 - (f) bibliography of works relevant to the project
 - (g) transcripts or list of relevant course work.
3. Copies of permits(s) or letters from relevant authorities to study proposed materials, and copies of permission(s) from relevant excavation or project directors to study the proposed materials.
4. Budget. Itemize in as much detail as possible.
5. *Curriculum vitae*.
6. Two letters of recommendation.

Please note that in the past, proposals have been declined because the proposal either lacked sufficient scientific rationale, or the required letters of recommendation were never received. Preference will be given to projects that make significant use of the facilities of the Wiener Laboratory. Priority will also be given to applicants who have not received significant support from the Wiener Laboratory in the past three years.

A final report is due at the end of the award period, and the School expects that copies of all publications that result from research conducted as a Fellow of the ASCSA be contributed to the Wiener Laboratory library of the School.

Applications are submitted online on the ASCSA web site at www.ascsa.edu.gr.
