### WIENER LABORATORY RESEARCH ASSOCIATESHIPS

Research Associateships in the Wiener Laboratory are available on a limited basis each year for the purpose of accommodating well-defined research by qualified scholars undertaking limited investigations. Applications are reviewed by the Committee on the Wiener Laboratory. Applicants are strongly encouraged to discuss their proposals with the Director of the Wiener Laboratory (or write regarding their ideas) *prior* to submitting the completed application form and documents. Space in the Laboratory is limited and applicants are advised to make plans well in advance of the time they wish to undertake the work. Funding of up to \$7,000 may be awarded by the Committee on the Wiener Laboratory for applicants requesting this consideration. Preference will be given to projects that make significant use of the facilities of the Wiener Laboratory. Priority will also be given to applicants who have not received significant support from the Wiener Laboratory in the past three years. A final report is due at the end of the award period, and the School expects that copies of all publications that result from research conducted as a Fellow of the ASCSA be contributed to the Wiener Laboratory library of the School. Please note that fees charged by the ASCSA are required of all Research Associates in the Wiener Laboratory and are to be paid out of the stipend by the recipient. Fellowship does not include travel costs, housing, board, and other living expenses.

### APPLICATION GUIDELINES

The following constitute a complete application. Incomplete applications will not be considered.

1. Application naming the applicant and title of the project.
2. Project description. In no more than 2,500 words, describe the purpose, nature and methodology of the research project you are proposing. Include the following information:
  - (a) aim, scope and significance of the project
  - (b) timetable, including publication schedule
  - (c) methodology to be used
  - (d) equipment/resources needed while at the Wiener Laboratory
  - (e) how the project relates to existing and current research on the topic
  - (f) bibliography of works relevant to the project
3. Copies of permits or letters from relevant authorities to study proposed materials, and copies of permission(s) from relevant excavation or project directors to study the proposed materials.
4. Budget. Itemize in as much detail as possible if requesting funding from the Lab.
5. *Curriculum vitae*.
6. Two letters of recommendation.

Submit Associate Member application (long form) online on the ASCSA web site.

For more information you may contact Dr. Sherry C. Fox, Director of the Wiener Laboratory, at [sfox.wienerlab@ascsa.edu.gr](mailto:sfox.wienerlab@ascsa.edu.gr).
