

Managing Committee

Listed here are the representatives of the Cooperating Institutions that form the main body of the Managing Committee. Officers of the School are *ex officio* members of the Committee; since these individuals have been listed separately elsewhere, they and other *ex officio* members (both voting and non-voting) do not appear here. As a result, not all the names in Meritt's list appear here. The Presidents of the AIA and representatives of affiliate institutions are listed only when this appointment did not overlap with their service as representative for their Cooperating Institution. Members *pro tempore* by special appointment are included and listed as such when known. As in Meritt, *emerita/us* status at the Cooperating Institution is not indicated, typographically or otherwise; a given end date may therefore reflect the year the member's service on the Committee ended, the year their institution ceased being a Cooperating Institution, when their name was removed from the list by request, or the year in which they passed away.
